Community Greenhouse Irrigation

Herald Island Environmental Group (HIEG) with financial support from the Upper Harbour Ecology Board recently installed an automatic irrigation system into the community glasshouse. This initiative is to grow and make native plants available to assist residents with the replacement of pest plants identified in the recent residents survey. When fully operational, the greenhouse will be used to propagate locally sourced seed with specific focus on those plants attractive to native birds. HIEG wishes to acknowledge the support of Wrightson Irrigation Auckland Manager ; Shane Brady who made a day available to undertake the installation with us along with contributing valuable tips for its ongoing use.

Headworks of the new irrigation system incorporating filter, solenoid and pressure reducing valve

Wrightson Irrigation Auckland Manager; Shane Brady is hands on with the installation and advice.

“Bringing Back the Birds”

Over 70 residents indicated they would be keen to contribute to the project with bird counts. HIEG have teamed up with Auckland Universitys Abi Wittmeyer Hill to provide details and answers on all those tricky questions; when?, why? , same bird?, all birds? how long etc. All residents are invited along to hear Abi's presentation:

Real Estate Report

Surrounding areas comment

by Sue Cook *Harcourts Northwest*

Construction has begun on Westgate's community centre and library with a completion date likely to be late 2018. Auckland Council's community facilities manager, Rod Sheridan, says it is expected to be open to the public by early 2019.

"It is designed as a meeting point where the community can access a range of resources and activities, and actively participate in community life."

The building is located on Kohuhu Lane and will have a floor area of around 3600 square metres. It has been reported that the cost is likely to be close to \$27 million. The complex will include Citizen Advice Bureau offices and, public toilets.

In other Westgate news, the area around Westgate/Redhills is set to have over 10,000 homes built over the next 10 years, according to a NZ Herald report.

SELLING YOUR HOME

by Sue Cook, *Harcourts Northwest*

You want to achieve the best possible price when selling your family home, right? Presentation is key when attracting buyers. Tidy up the garden, water-blast paths and driveways, clean any lichen or moss from roofs (best to get the experts in for this), fix any broken windows or locks and choose some colourful plants to make an impact in the garden, particularly around the entrance. Check the appearance of your front door – is it in good order? Because, first impressions do count.

Interior-wise it is best to de-clutter and remove excess furniture so moving around the house is easy for prospective purchasers. If you decide to renovate the interior, be careful with your spending, as putting in a \$50,000 kitchen may not glean you an extra \$50,000 on the selling price. Interiors are best fully renovated through-out the entire home or, left for the buyer to deal with as partial renovations simply draw attention to the part of the home that hasn't been updated.

Once you decide to put your house on the market, I recommend packing away all those valuables like fragile vases, ornaments, keepsakes and jewellery. This keeps them out of harm's way when buyers come to view.

Finally, what to do first? Sell or buy? This will depend on your individual circumstances and, if buying first, whether you can afford bridging finance. At the very least, start looking at homes in the area you wish to buy in, and find out what homes are selling for; perhaps attend a couple of auctions and ask the local agents at open homes for a list of properties that have sold recently with the homes' specifications. Once you have sold, you will be a cash buyer and, you'll know exactly what budget you have to work with.

New rubbish service coming

A new Council wheelie bin service for rubbish will be rolling out across urban areas of the Albany Ward shortly.

Residents currently using pre-paid orange rubbish bags will move to a wheelie bin service. Residents are urged to get out their old blue and yellow recycling bins and put them back into use for this service.

Western areas (west of the Greenhithe bridge), including Hobsonville, Herald Island and Whenuapai, will go first starting in October 2017.

To use the service, residents simply purchase a pre-paid tag and attach it to the handle of their bin. The new bin tags will be available at the same places you buy bags and collection days remain the same.

To find out more, visit: makethemostofwaste.co.nz

Discover your zest for language.

Have you always wanted to learn **French** or **Spanish** but never got around to enrolling into that beginners' course? Or perhaps you want to equip your child with a passion for language at a young age. The good news is, no matter how old you are, you can discover your love for language at **ABC Language Tuition**.

The school is run by Patsy Sackx, who moved to NZ in 2000 with her husband and 2 daughters.

Patsy's been running her teaching business for more than 10 years and her enthusiasm for teaching is stronger than ever. **ABC Language Tuition** offers in school and after school language classes, small groups' tuition, one on one tuition for NCEA/Cambridge language students, school holiday workshops and adult language classes.

Patsy has a passion for language, which she passes on to her students, both young and old with her bubbly, easy going nature and fun teaching style. She offers a flexible tuition service and is happy to come to your home or meet somewhere local to conduct her lessons.

La Grenouille Bavarde (the Chatty frog) is the name for the adult French languages classes and are held on Wednesday mornings at the Kumeu French café, Le Petit Perigord, where students can enjoy a delicious French pastry and a coffee while speaking or learning French.

La Grenouille Bavarde has a French conversational group and a beginner's/intermediate French language class. Both classes are open to students of all ages and abilities and are a great way to get to know likeminded people in a great environment.

ABC Language Tuition needs more teachers; do you have a good knowledge of French and/or Spanish, a genuine passion for working with children and looking for local part time work?

Contact Patsy on 0274904321 to discuss teaching opportunities at ABC Language Tuition

From Penk's Pen

First things first: thank you! I'm really grateful to everyone who voted in the recent election, whichever candidate and party they chose to support. As the new local MP, I'll work hard to assist every individual and group without regard to anyone's political leanings.

On a similar note, I'm determined to ensure that I reach every single community. The large Helensville electorate is blessed with a diverse range of coastal, rural, suburban, harbour, island and bush land areas. Getting around to them all will be my first duty, albeit a pleasurable one!

I'll be in touch more about opportunities to meet up shortly, as I'm really excited to get underway. Meeting in person will provide opportunities to help you resolve any problems you might have dealing with Government departments and provide advocacy on local issues. On that note, I'll be setting up an office in the same location as John Key occupied until recently, at 365 Main Road, Huapai and getting a couple of excellent staff members onboard to help me serve the community. Watch this space!

I'm also really looking forward to hearing your views on various policy matters and just getting to know everyone more generally. Of course some of that happened on the campaign trail but I'm conscious I didn't reach all 50,000 residents in that period of time leading up to the election, predictably enough.

My energy and focus will be 100% local, as I won't have any higher level responsibilities (such as Prime Minister, just for example!) any time soon.

Finally, please do say hi when you see me out and about. And if you'd like to get in touch at any other time, please see my advertisement below and connect in the way that best suits you.

Cheers, Chris Penk (MP-elect, Helensville)

Fun for little ones at Big Teddy Fridays

Every Friday morning the Whenuapai Village Hall is transformed into a magical playground for children, and teddies, alike.

Big Teddy Fridays have been running in Whenuapai for the past two months, and they've already built a strong following.

The playgroup, which runs from 9.30am to 11.30am, is for babies through to four-year-olds, and their parents or grandparents, who live in or around the Whenuapai area.

Maria Isabel Teran, who's been organising the Big Teddy Fridays, says it's generally local mums who've been attending, but "all communities are welcome".

"Usually on a Friday we have toys out in the hall for kids to come and play with. Mums can socialise with other mums and have a hot drink. We share morning tea, we have music. The favourite activities for the children are to run around and make friends!" Maria says.

"The idea of the playgroup is that mums come with their little ones, and spend a fun time with other mums and kids. I hope more people come and get to know each other.

"I think it's good for a community to have activities for young children. Sometimes as a mum we don't know what activities we can do with our little ones to keep them entertained, so playgroup is an amazing idea."

The cost is a gold coin donation.

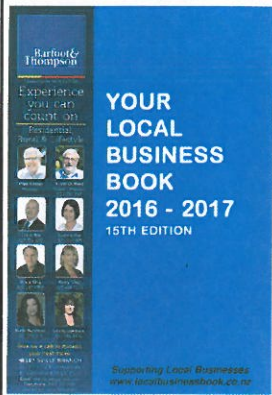

If you want to know more, you can go to the Facebook page @bigteddyfridays.

Your Local Business Book is currently being prepared for its 16th Edition.

Is your business listed on the area's first Searchable Business Database? Our printed version, which will be delivered throughout the Norwest area, this year will have a new look cover and will again feature the double column format and provide for premium listings, plus the inclusion of a company's logo.

The price for a listing starts at \$60 including GST with discounts available for multiple category listings and prompt payment.

For more details contact 420 9307 or email yourlocalbusinessbook@gmail.com for your information pack today.

Homemade herbal hand cream

1 and 1/2 cups Olive Oil

1/2 cup Bees Wax (when melted)

1/2 cup Coconut Oil

1 tsp Honey

1 tsp Castor Oil (optional, but helps to draw out toxins from the skin)

Handful of dry herbs (Calendula, Rose Petals or Lavender)

Everything needs to be dry before you start (containers, spoons, herbs etc).

In your largest jar put the olive oil and herbs. Save a few perfect looking herbs for decorating the finished lotion. Place the jar in a pot and fill the pot with warm water so that it is just about the same level as the oil, maybe a bit higher. This makes a poor mans double boiler. Place the pot on medium heat.

In the smaller jar, place some chopped up beeswax and place this jar in the water next to the oil and herb jar. When the beeswax is melted, you can turn down the heat and start straining the herbs from the oil. If you don't get them all out right away, don't worry; you can strain it again when you fill the pots.

Combine about 1/2 cup of coconut oil to the olive oil. Feel free to bring up the heat again at this point. When the coconut oil is completely melted, CAREFULLY pour about 1/2 cup of melted beeswax into the oil. Mix it all together and test the consistency by dripping a few drops onto a tin, letting it cool, and feeling how creamy it is.

Make certain you have the honey and castor oil ready.

Remove the jar from the water, and very quickly add honey and castor oil to the lotion, stir very well. Pour through a strainer into the jars.

Leave it somewhere with the lid off where it won't be disturbed until it starts to go creamy and the top just starts to solidify.

Place the remaining herbs on top of the lotion, and press gently with your finger.

Infusing the herbs into the oil like this gives a very mild scent but also helps impart some of the healing qualities in the herbs into your hand cream.

You can add essential oils to the cream at the same time as the castor oil, but I don't recommend it. Essential oils can be as harmful as they are helpful, and if you are making this for someone with skin troubles, it is best to keep things as gentle as possible.

This hand cream is NOT vegan friendly due to the beeswax and honey, but it is suitable for most vegetarians and will work well for most people with allergies. If you are giving it away, make sure you include an ingredients list.

Tried by some members of the Hobsonville Herb Group.

The Hobsonville Herb Group meets on the first Tuesday of the month at 7.15pm in the Whenuapai Hall, Waimarie Road, Whenuapai.

Treasure Islands joint initiative programme

The 'Treasure Islands' campaign is a joint initiative between DOC and Auckland Council to help protect conservation islands in the Hauraki Gulf.

There's plenty to love about Auckland's awesome gulf island treasures, from sea birds to tuatara and takahē. Many of these islands

have received substantial investment in recent decades both in hard cash and volunteer hours to become pest free. The Treasure Island's campaign ensures we all play our part to guard these special places and at Herald Island we are committing to the initiative.

Herald Island Environmental Group has teamed up with Herald Island Boating Club to raise the profile of the Treasure Island campaign among boaties that use the boat ramp and Herald Island wharves. Three new Protecta rat stations have been placed at the wharves and these are being monitored weekly by boat club member Craig Carr.

Auckland Council Biosecurity has recently revived the campaign and Herald Island has been the first to receive and install new signage.

Anyone visiting the pest free Hauraki Gulf Islands can do their bit to make sure they remain pest free by following these basic guidelines:

- Check - your gear for pests, e.g. rodents, insects, skinks
- Clean - footwear and gear, removing soil and seeds
- Seal - ensure your gear is zipped up (no open bags)

A more detailed biosecurity checklist is on the DOC website: www.doc.govt.nz/parks-and-recreation/know-before-you-go/visiting-pest-free-islands/biosecurity-checklist/

Ian McNeill, Co-Chair, Herald Island Environmental Group

Health Care

How common is Whooping Cough

There have been cases of Whooping Cough reported recently in the news, basic information below:

Whooping Cough can be very serious for babies and children – especially those under 1 year old. If babies catch whooping cough, they:

- May not be able to feed or breathe properly.
- May become so ill they need to go to hospital.
- Could end up with serious complications such as pneumonia and brain damage.

To protect your baby, get your free immunisation between 28-38 weeks of pregnancy and take your baby for their free immunisations when they're 6 weeks, 3 months and 5 months old.

People with whooping cough are infectious from 6 days after exposure to the bacteria, when symptoms are like a normal cold, to 3 weeks after the 'whooping' cough begins – unless they are treated with antibiotics.

Many babies catch whooping cough from their older siblings or parents – often before they're old enough to be vaccinated.

Most cases of whooping cough occur in adults whose immunity has faded. In these cases, symptoms tend to be less serious, although the persistent cough can be unpleasant and frustrating.

For further information on Whooping Cough contact the Ministry of Health.

Email the Ministry at info@health.govt.nz or

Phone: 0800 855 066.

Need mumps protection?

There's an outbreak of mumps amongst Auckland students not fully vaccinated.

The measles-mumps-rubella vaccine will help protect young people against three serious diseases that are easily spread.

And it is free. Talk to your doctor or nurse today.

For more info call 0800 immune (0800 466 863)
or visit ARPHS.govt.nz

immunise

their best protection

Auckland Regional Public Health Service
Kaitiaki Heurora & Tei o Tamaki Māhau

Update on Mumps outbreak in Auckland

Auckland is experiencing an unprecedented mumps outbreak. There have been over 370 cases with more than 60 schools affected this year. Schools have had to exclude students and staff with mumps and any close contacts who haven't been fully immunised with the measles-mumps-rubella (MMR) vaccine.

This has disrupted the school, the students' learning and parents who have had to take time off work. Mumps can have serious complications requiring hospitalisation.

With exam and assessment time coming up in secondary schools, please suggest parents check their children have had two doses of the MMR vaccine. This will also protect students from the contagious measles and rubella viruses as well.

KUMEU ART AWARDS 2017

Receiving Submissions
1st September - 1st November

The temperatures are rising, it's time to get planting

Spring is in full swing in October and is definitely one of the most exciting months in the gardening calendar! It is the traditional time to start putting down tomatoes and other summer vegetables, and with the temperatures rising the growth of everything just takes off.

This is an essential time to turn your attention to your kitchen garden, so prepare the area first with plenty of compost dug well in and a dressing of Palmers General Garden Fertiliser. Sow vegetable seedlings straight into the ground including beans, spinach, radish and courgettes, and tomatoes really hit their stride now the warmer weather is here. Plant new seasons herbs like basil, chives, coriander, parsley and rocket, for fresh zingy flavour in your summer salads. Liquid feed all of your kitchen garden plants with Seasol and make sure to repeat every 10-14 days for amazing instant results.

Herbs and veges in pots are convenient if you have a smaller garden area, but also need a little extra love: use Palmers Premium Tub & Container Mix as it contains water crystals to help retain water when the air and soil are getting warm. Increase watering of all of your container plants at this time, and add Phostrogen Plant Food at each watering for that extra boost of health.

Enjoy this month in your garden, from Mark, Melissa & the team at Palmers Westgate

Whenuapai Floral

Slightly fewer than usual, there were 57 members present at our September Meeting when Shaun Caldwell from Yates was our guest speaker. There were just eight blooms on the board for him to choose the three he considered best, a fair indication that many others had been spoiled by wind and rain, notoriously frequent during spring.

Details were announced about forthcoming events, including the Memorial Service for Tom, the late husband of Maureen Campbell-White, on 8th October, the Matakana trip later in September, the Riverhead/Taupaki one in October, the trip away

Shaun Caldwell and Pat Hooper

& Garden Circle

to Gisborne in November and the Christmas function to be held at the Huapai Golf Club early in December.

Yates used to be a family business and the present smaller Company is a public entity under the Dulux group. Those at Yates believe Gardening is good for the soul. It helps you be healthier, happier and more fulfilled. To that end they support National Gardening Week, which runs 6-13 October, being held for just the second time this year, also School Gardening as an important initiative to get young gardeners enthused and motivated to produce their own food.

With advances in knowledge of long term effects of some products previously endorsed, here's what we were told of what's out and what's available instead. Shield has been replaced by Rose Gun Advanced, Soil Insect Killer by Complete Lawn Insect Control, Bravo by Yates Liquid Copper and Target by Confidor. When spraying, do it early or late in the day, read instructions first, wear gloves, eyewear and dust mask when mixing and spraying. Mavrik is recommended for control of caterpillars, aphids and mites while seaweed tonic is ideal for stressed plants and to give seedlings a boost before planting out.

There are fourteen new varieties of seeds available as well as all the old favourites. Yates have a website and a free Garden Club.

Very soon now it will be time for the Annual General Meeting in November when seven members will stand down from Committee so it would be great to have some fresh input into the smooth running of our group. Volunteers are needed or you may nominate others who may be keen to help.

Until next time,

Happy Gardening from Mary Anne Clark

Herald Island Library News

Roll on summer!!

Going forward after this winter's deluge of rain think of the future and bearing this in mind!! Should you want to escape our next winter check our wonderful range of Lonely Planet books in our little Herald Island library.

Kalimera! Kalispera! Giassou!! Greetings from Sunny Greece

Welcome to our little niche of the Island. Etta and Peter Gillon were very fortunate to escape some of Auckland's winter and head to sunny Greece to catch up with friend's former residents of Herald Island Bill and Jo Mathews. Their wonderful hospitality on their yacht called "Shalimar" sailed them through to many beautiful Islands in the Ionian /Pathos/Corinth seas in Greece where they saw many great pristine beaches and delighted in stopping off at various places for a swim or supplies. The trip started with flying in from Athens and arriving to a beautiful place called Kefalonia. Where the Filming of the Movie Captain Corelli's Mandolin was made (A great book that can be found in our library): The beautiful island of Kefalonia constituted the main setting for the Hollywood film Captain Corelli's Mandolin. Bill & Jo's boat was anchored in a stunning traditional fishing village named Agia Effimia also Eufemia with its beautiful beaches and amazing architecture. The cafes, restaurants, boats, the paved streets and the buildings compose the unique setting of the fishing village.

And at a high altitude are found remains of old fortresses and Venetian buildings and lovely churches. This place was very similar to many different fishing villages that they visited but each had its own unique extraordinary flair and history. This exposure to Jo and Bill's world of Greece was fantastic, the places, the company, food and tremendous experience truly unforgettable!! Will keep the Gillons going for quite some time.

Prior that Peter and Etta caught up with family son Michael, Rose and new their new beautiful granddaughter Ruby in London. Whilst there they had arranged to meet up with Whenuapai residents Raewyn and Murry Brown who showed them around a delightful place called Amersham in England where the Brown's in their youth worked managing a local pub called the King's Arms Hotel. This place is around 43 kms North West of London in the Chiltern Hills. From there the Browns took the Gillons via an interesting place called Avebury where a Neolithic henge monument containing three stone circles, around the village of Avebury in Wiltshire southwest England. Then they met up with former residents of Whenuapai John and Judy Clements in an amazing place called Bath. Bath is a town set in the rolling countryside of southwest England, very much known for its natural hot springs and 18th-century Georgian architecture. Here beautiful honey-coloured Bath stone has been used extensively in the town's architecture, including at Bath Abbey, noted for its fan-vaulting, tower and large stained-glass windows. The museum at the site of the original Roman-era Baths includes The Great Bath, Roman statues and an ornate temple.

Our library is normally closed for the school holidays and we are always enthusiastic about our wonderful range of books. Catering for Whenuapai and Herald Island communities and are always pleased to help with home deliveries if you are in not able to make it to the library yourself.

Before heading off to the sunny isles we have been very privileged to have been exposed to listening to a young New Zealand singer song writer Aldous Harding who hails from the South Island. Like Harley Davidson and Marlon Williams she captured our hearts with the wonderful ballads and harmonies that blew us away! Google our home grown talent! You will be pleasantly surprised with yourselves that you did!

Many thanks to Margret and Richard Brands for being so reliable and very helpful by filling in at our library on some Saturdays this term. Very much Appreciated!!

Do pop into the library at 57 Ferry Parade where the Wednesday ladies who help out and on Saturdays Christine Henderson, Ann McNeil and Etta Gillon are always happy to help with any queries that you may have.

We are opened 10am to 12 noon both Wednesdays and Saturdays except long weekends and School holidays! For any queries please contact Etta on 416 - 7638 or email on heraldislandlibrary@gmail.com.
